Chapter 1

The warm glow of the sun made every dew-covered blade of grass glisten. "The forest is really beautiful today," said Emerald. Sapphire then started panting hard, "The foal is coming!" she managed to say. Little Chocolate said, "were, were is the foal!" Emerald strained with effort, this is going to be a tough one for Sapphire.

Every pony was gathered around the foaling dam, Emerald had to push them back saying "get back she needs space!" with that the whole heard got back. Finally, the little foal got free, it's a filly! "Emerald said with delight. Sapphire said, "I will name her Saphira."

Then Emerald got up and said "ok once Sapphire recovers we will move again, agreed." She said "agreed," said the horse heard.

Chocolate sai, "can I play with her?" His mother Rosabelle said "well certainly not! She was just born you know." "But" "No buts go to your nest with the other foals right now!"

"Ok," Chocolate said sadly, and off to sleep he went.

Emerald said to Sapphire "you should get some sleep you're going to need it." I will and she slept at once.

As the dawn light filtered through the trees, and the birds began to stir. The horse heard all started to wake up except little Saphira. "If you want I can wake her," Amethyst said. "No thank you Amethyst, it is her first day she is a little foal." It promised to be another warm day thought Emerald. Soon the herd got busily to work.

Sapphire soon got to work after convincing the little filly Amethyst was not going to eat her. All of the sudden Saphira start laughing at Chocolate who had his tail in the air while trying to

pick some grass. She laughed so hard she nearly cried. Then she stopped and started peeing, then fell asleep.

Chocolate then sat up saying "what Saphira?" "Oh," he said. Soon the sun began to set and the herd settled down. "how was it?" she asked. "It was fine," he said. "I was even sad to see me go!" She laughed.

The heard soon reached its next destination,

It was the mountain forest they still had miles to go.

But it was time for a rest, as soon as they stopped Chocolate said "come on Saphira lets play!" okay" she squeaked. "Amethyst could you watch them, please."

"Shure I don't see why not!" said Amethyst. As soon as they were gone Diamond said to Sapphire "Chocolate would make a good suitor, I think. Diamond, she is still too young there just friends." she said with a playful nip.

"Now why don't we go to sleep, but first put the foals to sleep?" Soon the dawn came again and the herd move on as well, "it's a beautiful day today don't you think?" squeaked Saphira with the dignity of her grandmother.

Emerald said, "why, of course, it is, my dear little one." But grandmother why are we moving again," she squeaked. "Because we are a heard it is what we do," really couldn't we just settle down like other animals." My dear, it doesn't work that way until we find a proper home we move on and on, it's just how it works now why don't you play with Esmeralda. I think she would like some company." Okay" squeaks Saphira "she is fun" and she bounds off. Soon the food gatherers come back with a feast, and soon the sun sets again. That night Emerald sleeps with her granddaughter, she hadn't felt like this in years. It was a beautiful night. That morning Rosabelle confessed that she was going to have another foal!

"What excitement, that means that we will have a new playmate!" Saphira and Chocolate say, then they giggle.

"Now you two, it won't be here for a while."

Soon the herd moves again.

"Well that's that, I think those two will make good friends," Amethyst said. "I think you right
